Abstract

Muna Sh. Tokan

Mu'tah University, 2006

The huge economical importance that the check has, led to expand the market dealing which forced us to focus on this commercial paper.

This thesis deals with the legal status of the holder at the neglected check in Jordanian law and judicatory, also this thesis based on the study of the Jordanian commercial law comparing with other Arabic laws.

It aims also to table the deficit and the contradiction in Jordanian commercial law Number (12) of 1966, aiming to stand at the legal status of the neglected check holder.

These problems are dealt within dividing this thesis into three chapters.

In the first chapter we discussed the cases in which the check holder becomes neglected.

Where as in the second chapter, we dealt with the dropping as a penalty for the neglected check holder.

While the third chapter is designed to show the relationship between the neglected check holder and the crime of issuing a check without balance.
